26th April 2016

Excursion To Valentine Park

We have planned an excursion to Valentine Creek on Thursday 5th May 2016 as part on our integrated units of Geography, Science and Art. We will be investigating natural and constructed features as well as exploring line, colour and texture in our environment. In this excursion we will walk to Valentine Park and participate in three rotational activities.

Where: Valentine Park

Time: Leaving St Anthony’s at 9.30am

Arriving: Valentine Park approximately 9.50am

Departing: Valentine Park approximately 10.40am

Arriving: St Anthony’s approximately 11.00am

For this excursion to be positive learning experience, we will require a number of parent helpers to ensure safety as we will be walking to and from the location. To ensure adequate child-adult ratio, each class will require 7 parent helpers. If you are able to assist on this day, please fill in the form below. As a safety issue we will be unable to take toddlers with the parent helpers.

Due to safety requirements, if we do not meet the required adult to child supervision ratio, the students will not be able to take part in this excursion.

Please complete the permission form below and indicate any special medical needs for your child. Return this form to your class teacher by Friday 29th April 2016.

Children need:

- To wear sports uniform
- Named water bottle
- Hat (named); apply sunscreen at home please ensure it is long lasting.

If you require any further information please see your class teacher.
