2016 - Year 4 One to One Bootcamp

29/01/2016

Dear Year 4 Parents and Guardians,

On the 12th of February, as part of the One to One Contemporary Learning Program at St. Anthony’s, students will participate in a Bootcamp that will teach them the basics of responsibly using and looking after their laptop computers. Students will complete learning in three areas - digital citizenship, laptop care and account creation. Other aspects of laptop use will be covered throughout the term.

At the end of this Bootcamp, a parent or guardian will be required to bring in the signed Acceptable Use Agreement, Access Consent and Computer Registration forms. Once these documents have been given to the Year 4 class teacher, the laptop computer is officially in the care of the student and they become responsible for the device.

A parent or guardian **must** be present at school to sign off on these documents as a legal requirement. Students **will not** be permitted to bring in a signed form and take their laptop home at the end of the Bootcamp.

A copy of the One to One Policy and Guideline Booklet is attached to this letter. This copy is yours to keep at home and refer to - please do not return the booklet to school.

If you are unable to come at the conclusion of the Bootcamp, please make an alternative time with your child’s teacher.

Please complete and return the RSVP slip attached below.
